

Session Program

24-28 Aug 2026

6th Hel.A.S. Astrophysics Summer School

Labs

Department of Physics, NKUA
University Campus GR-157 84 Zografou, Athens

Monday 24 August

17:00

18:30

Labs: GammaPy - M. Cerruti

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens

Tuesday 25 August

16:30

18:30

Labs: Source modeling with LeHaMoC - M. Petropoulou

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens

Wednesday 26 August

10:30

Labs: TBD - S. Buson

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens

12:30

16:30

Labs: Transient source characterization - G. Vasilopoulos

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens

18:30

Thursday 27 August

14:30

16:30

Labs: Gravitational wave analysis - N. Karnesis

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens

Friday 28 August

14:30

16:30

Labs: GW counterpart identification - N. Sravan

Session | **Location:** Department of Physics, NKUA, University Campus GR-157 84 Zografou, Athens
